

TEAM DELTA-FORCE

Initial Pitch Deck

U-Drive

● Problem

- Some people don't have access to public transport in their areas. They have to travel some distance to get public transport.
- Public transport work on time basis. So, people cannot get vehicles immediately.
- Some people like to travel in luxury vehicles, some need privacy when travelling.
- Some vehicle owners don't have public exposure.

Solution

An app which connects both drivers and riders

- Can get access to vehicles any time, anywhere.
- People can get the privacy and luxury they want.
- Waiting time is minimized.
- Comfortable journey in reasonable price.
- Drivers can earn money.
- Available in rural areas.
- Trustworthy drivers
